PRODUCT	VEGETATIVE PHASE				
	Seeding	Transplant	Vegetative	Pre-Flower	Week 1
					
BASE NUTRIENTS					
POT RADIX	0,5g /L	0,5-1g /L			
POT GROW		0,5g /L	1g /L	1g /L	0,5g /L
POT FLORA					0,5g /L
MULTI FOLIAR	5ml /L	10ml /L	20ml /L	20ml /L	20ml /L
CHOICE SUPPLEMENTS					
NC32	0,2ml /L	0,2ml /L	0,5ml /L	0,5ml /L	
CARBON K					
BIO-BLEND	0,5g /L	0,5g /L	0,5g /L	0,5g /L	0,5g /L
CALMAG ESSENTIAL	0,2ml /L	0,2ml /L	0,5ml /L	0,5ml /L	0,5ml /L
BENEFICIAL SUPPLEMENTS					
CARBON P-K					
MULTI KELP MAX	0,5ml /L	0,5ml /L	1ml /L	1ml /L	1ml /L
MULTI AMINO	0,5ml /L	0,5ml /L	1ml /L	1ml /L	1ml /L
MULTI SILICA	0,5ml /L	0,5ml /L	1ml /L	1ml /L	1ml /L
PPM's	500	700	1000	1200	1200
pH: 6,0 - 6,5					

- Suitable for organic soil and soilless grow mediums such as coco coir and peat.
- Bio-Blend should be mixed and applied separately to fertilizer applications.
- Multiple fertilizers can be mixed together in the same feeding water.
- Feed 1-2 times per week or as required depending on plant nutrient demand.

FEEDING SCHEDULE

BASE FERTILIZERS

■ POT RADIX

- Base fertilizer for establishing root growth.
- Contains macro, micro and trace elements.
- Added fulvic acid, kelp and sugars.

■ POT GROW

- Base fertilizer for healthy vegetative growth.
- Contains macro, micro and trace elements.
- Added fulvic acid, kelp and sugars.

■ POT FLORA

- Base product for vibrant flowers and bountiful fruits.
- Contains macro, micro and trace elements.
- Added fulvic acid, kelp and sugars.

■ MULTI FOLIAR

- Balanced & complete foliar feed for all plants.
- Fast acting direct injection of beneficial nutrients.
- General boost to plant health and resistance to stress.

MICROBES

■ BIO-BLEND

- More than 30 important beneficial microorganisms blended together as an effective inoculant.
- Ensures plant and soil health
- Improves nutrient intake.

SUPPLEMENTS & STIMULANTS

■ NC32

- Carbon Integrated Nitrogen fertilizer.
- Protects plants against chemical burn & combats leaching of nitrogen.
- Stimulates vigorous vegetative growth.

■ CARBON K

- Carbon Integrated Potassium fertilizer.
- For producing superior yields and enhanced quality of both flowers and fruit.

■ CARBON P-K

- Carbon Integrated Phosphorus & Potassium supplement.
- Provides a source of highly available P & K.
- Flower & fruit enhancer.

■ CALMAG ESSENTIAL

- Complex Cation Enhancer.
- Increases nutrient uptake & balances cations.
- Reduces the negative effects of salt and sodium.

■ MULTI KELP MAX

- Liquid seaweed extract for easy application as drench or foliar.
- Source of vitamins, minerals and organic acids.
- Stimulates root, shoot and fruit growth.

■ MULTI AMINO

- Complex blend of amino acids.
- Promotes growth and flower initiation.
- Provides an important source of Nitrogen.

■ MULTI SILICA

- Liquid silica supplement including diatoms
- Helps increase plants' resistance to stress and disease.
- Aids with nutrient transportation and uptake.
